They Met In Paris,

and the reply was that he had met the

was requested to tell what sort of man

Mr. Young was, and then she gave her

reason for desiring the information.

Her reason was that when she had re-

cently visited Warwick Castle, in Eng-

land, she had discovered on the register

a little verse that had attracted her fan-

cy. She had determined to send it to

a gentleman friend of hers who is editor

of a daily paper in this State. The

name signed to the verse she said was

S. D. Young. 'For goodness sake don't

do that,' explained the man in the car

'my name is S. D. Young. I wrote

that verse and I wouldn't have it print-

ed at home for anything.' Then he

was enlightened. The young woman

to whom he was talking was Miss Lola

Carpenter, of Baltimore. That was

the beginning. The end comes Wed-

Remedy. I was taken very badly with

flux and procured a bottle of this rem-

edy. A few doses of it effected a permanent cure. I take pleasure in rec-

man and had seen him that day. He

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results.

The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment. is rapid and destructive, and finally ends in consumption.

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Poihill, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one car, and all inside of my nose, including part of the bone, sloughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonical and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this,

Women Who Should Never Marry.

The following is not proposed as a civil-se v ce examination for prospective brides : probably most persons of that class would regard it as extremely uncivil, but it is a more profitable morsel to chew over than a wad of gum :

The woman who proudly declares that she cannot hem a pocket-handkerchief, naver mide up a bed in her life, an ladds with a simper that she has "b ear in society ever since she was
